

Dear Mr. Santra,

On behalf of the PS Group and CREDAI Bengal Youth Wing, I thank your team at iKure for conducting the basic health check-up camps for labourers at PS construction sites with great empathy and efficiency.

The CREDAI Youth Wing had organised a Health Check-Up Programme across the country, and we at the Bengal chapter joined in this initiative with gusto. Our mission was to offer preliminary health check-up to construction workers at around 100 construction sites across the city, aiming to screen nearly 20,000 people in all.

As Chairman of the CREDAI Bengal Youth Wing, I am very happy to get this ambitious programme off to a flying start and iKure has emerged as the early pace-setters with its methodical patient-screening and painstaking documentation of patient status.

We sincerely hope to continue this good work with iKure in future and wish you and your team all the very best.

With best regards,

(Saurav Dugar)
